Liquid Wraps**

**SCOPE DECORATING
LIABILITY WAIVER FORM**

I acknowledge that by allowing H2O CAMO to decorate my firearm scope, I understand that flooding may occur and I do not hold H2O CAMO responsible for any damage related to the submerging of the scope in water.

I acknowledge that a representative from H2O CAMO has explained the procedure for the decoration and I am willingly allowing this process to take place even though my scope may be damaged. I understand that scope manufacturers that make claims related to waterproof or water resistant scope may not have indicated a total submersion of the product in water as covered under any said claim. I understand that if damage occurs, the manufacturer may void the warranty.

I give H2O CAMO permission to decorate my scope and fully understand the risks involved.
